

# Heavy Vehicle Mechanic Apprenticeship

---

## **About the opportunity**

This 4-year apprenticeship is a fantastic opportunity to work towards becoming a professional in your preferred trade. Throughout the first 3 years of your apprenticeship, you will receive on the job training whilst completing a Certificate III in Heavy Commercial Vehicle Mechanical Technology at TAFE, with your fourth year being purely practical experience. Throughout your apprenticeship, you will work amongst over 200 qualified trades people across multiple disciplines in Council to work towards delivering projects and maintaining Council's assets.

Council has approximately over 1600 units of plant and equipment that you will be trained to assist with and carry out the mechanical servicing and repair work on. The equipment you will be working on ranges from lawn mowers and motor graders to vehicles. This apprenticeship is great for someone who is interested in this field of work, is hands-on and enjoys working in a close team environment.
