Department:	Organisational Services	Document Last Reviewed:	9/09/2019
Branch:	Information Systems	Job Dictionary:	N/A
Accountable To:	Corporate Applications Team Leader		
Aim of Position:	This position supports Councils direction through providing Business Systems administration including support and troubleshooting for business applications at desktop, server and application levels.		

Council Values

Bundaberg Regional Council's culture is driven by the following values:

Key Responsibilities

- Writing SQL scripts to extract/input and analyse data.
- Writing scripts to automate processes and ensure data integrity.
- Create and produce reports in low or no code environments.
- Development of processes to ensure workflows are automated from end to end.
- System administration and performance monitoring of Councils business systems/applications.
- Testing installation and configuration of new and updated software prior to business deployment.
- Security and identity implementations with modern tools such as SAML.
- Work with IT staff or vendors on introducing application updates, rollouts or changes for business systems.
- Troubleshoot and resolve business application issues at the desktop, server or application and resolution of application support requests.

Incumbents Initials

- Documentation of Councils business systems and configuration items.
- Assist with training council staff on the use of business systems.
- Develop and apply new workflows and business logic to systems to automate and improve business process and functions.
- Take responsibility for ensuring assigned support requests are completed within defined SLAs.
- It is expected that the incumbent undertakes other reasonable duties and tasks requested by Management within the incumbent's capabilities, including additional duties as required during periods of absence of other staff.

Position Requirements - Qualifications and Experience:

Mandatory:

- Completion of tertiary qualifications in Information Technology and/or relevant significant experience in a similar supporting role.
- Very strong understanding and experience in Microsoft platforms including MS Server 2016/2019 & Windows 10.
- Demonstrated strong experience in the function of technical business applications support skills.
- Demonstrated strong experience in scripting technologies such as Python and/or Powershell.
- Strong SQL skills and reporting knowledge and experience.
- Experience in training and guiding staff in new systems and processes.
- Demonstrated experience in providing quality customer service, technical support and problem-solving solutions in a similar role.

Desired:

- Experience in a local government or similar work environment

Organisational Capabilities – Individual Employees (Leading Self):
