Vision, mission and values

Our vision:	To make the Clarence Valley a community full of opportunity
Our mission:	To plan and deliver services valued by the community
Our values:	the acronym ' STRIVE ' describes the values and behaviours which are considered to be core requirements when we deal with each other and our community

Our Values and Behaviours

Safe	
We will have a safety focused workplace culture to ensure the wellbeing of our staff and the community.	
Acceptable	Unacceptable
I am aware of hazards	I take shortcuts
I promote a safe culture	I ignore safety
I look out for others	I do not communicate
Teamwork	
We will work together as one council towards shared goals and for the greater good of the community.	
Acceptable	Unacceptable
I share the load	I undermine others
I communicate with others	I act in isolation
I value people's strengths	"What's in it for me?"
Respect	
We will be inclusive, treat people with courtesy and fairness, and ensure each individual is valued and heard.	
Acceptable	Unacceptable
I am inclusive	I am a bully
I value the skills and opinions of others	I am aggressive
I listen actively	I am a gossip
Integrity	
We will behave in a way that is honest, open, and transparent. We will take responsibility for our actions and strive for excellence.	
Acceptable	Unacceptable
I am honest	I lie and conceal
I work ethically and lead by example	I act corruptly
I am responsible for my actions	I undermine others
Value	
We will deliver services efficiently, effectively, and in an environmentally and financially sustainable manner.	
Acceptable	Unacceptable
I always look for improvements	I misuse Council resources
I work efficiently	I'm a bludger
I learn from my mistakes	I don't respect the environment
Engagement	
We will engage with our staff and community to inform our decision making, and create awareness of our activities.	
Acceptable	Unacceptable
I communicate in a clear and timely manner	I deliberately misinform (lie)
I am the face of Council	I don't value consultation
I value all our customers' needs	I ignore communication

Physical requirements of the position

Frequent use of computer keyboard

Potential for large amount of travel within the Council area

Walking on uneven ground and up and down slopes

Purpose of the position

To ensure the effective and efficient delivery of Council's Civil Services current and future capital works design program from inception through to final design through management and leadership of the design team and liaison and negotiation with Government Agencies, members of the public and other sections of Council.

Investigate and report on matters associated with the design function of the design team.

Undertake the design and analysis of roads, drainage and other civil infrastructure in accordance with current standards and best practice.

To continuously review Council's methods of service delivery to ensure that Council services are delivered to the required standard in the most economic means.

Drive cultural change and be a key member of the Civil Services leadership team.

Major duties and responsibilities

Manage the delivery of survey and designs and associated works through:

- Ensuring survey and designs are completed in advance of construction programs using internal and external resources as required;
- Arranging, where required, the undertaking of Reviews of Environmental Factors (REF's) and property boundary surveys;
- Ensuring completion of general survey and designs for Council using internal and external resources as required;
- Submitting grant applications for future works;
- Managing, in association with other Council staff, the completion of capital works programs to the required timeframe, budget and standard.
- Preparation of project documentation related to the section including the calling and letting of tenders.
- Provision of regular reporting on project delivery, budget and standard and other matters related to the area of responsibility.

To manage and lead the staff reporting to the position.

Complete designs of civil infrastructure including designs of a complex nature to current standards and regulatory requirements.

Manage the section liaison and response to community requests and correspondence to meet Council objectives, ensuring that customer liaison and response is a high priority within the section.

Liaise with internal and external stakeholders associated with design projects to obtain necessary approvals.

Major duties and responsibilities

Provide assistance and advice to the Manager Civil Services on standards and specifications for infrastructure provision.

Foster a culture of continuous improvement through the audit and review of capital works and best practice maintenance and management techniques to identify and implement service improvements.

Lead and motivate staff to enhance: productivity; continuous improvement; safety; and job satisfaction.

Assist in the formulation, development and implementation of procedures and policies to ensure the effective and efficient delivery of roads and transport services.

Support emergency response in times of natural disaster.

Represent Council on internal and external committees and liaise, advise and negotiate with Government Agencies, members of the public and sections of Council regarding Council's maintenance operations.

Check and certify timesheets, plant sheets, purchase orders and invoices for activities supervised by the position.

Essential selection criteria

The selection criteria must be addressed as part of your application. Applicants must meet the essential criteria in order to be considered for interview.
