

## JOB DESCRIPTION & ACCOUNTABILITIES

<b>NAME:</b>		<b>REPORTING TO:</b>	<b>UX Manager – Gemma Sherwood</b>
<b>POSITION TITLE:</b>	<b>UX Researcher</b>	<b>DIRECT REPORTS:</b>	<b>None</b>
<b>DEPARTMENT:</b>	<b>Marketing Services &amp; Innovation</b>	<b>LOCATION:</b>	<b>London, UK</b>

### POSITION PURPOSE:

Our customers' experience is of the utmost importance to us. Reporting to the UX Manager based at Head office in Melbourne, Australia you will be a member of a UX team who are passionate about the role that research plays in making improvements to our customers' experience. The key responsibility of the role is to build customer insights through mixed method approach to research: qualitative research involving user testing of our digital products, prototypes and processes; and quantitative analysis of user behavior. A critical part of the role will be recruiting participants and conducting regular usability tests in conjunction with agile sprints teams.

### QUALIFICATIONS AND EXPERIENCE

- 1+ years in a research role.
- Proficient at facilitating user testing, focus groups and remote testing.
- Highly developed analytical skills.
- Knowledge of mixed methods research design.
- Proficient at identifying business and user experience implications and making recommendations from customer insights specific to business objectives.
- Experience working in an agile environment

### OTHER SKILLS AND ATTRIBUTES

- Experience in setting up and maintaining a research repository highly regarded.
- Strong attention to detail.
- Understanding & alignment with the company's core values.
- Ability to work with precision & independently.
- Fluency in at least one European language (other than English) desirable.
- Able to take a collaborative approach in engaging with different parts of the business.
- Flexible approach required.
- Able to work out of office hours to conduct research when required.
