ORGANISATION CONTEXT

Sacred Heart Mission (SHM) works with people whose capacity to participate fully in community life is affected by deep, persistent disadvantage and social exclusion. Since opening our doors in 1982, the Mission has been providing a range of innovative, relationship-based service responses which enable people to overcome disadvantage and realise their full potential. As a trauma informed organisation, our shared recognition of the impact of trauma informs and guides all our interactions with the people who access our services.

SHM is an Equal Opportunity Employer and an Environmental Sustainability driven organisation. We provide equal employment opportunities to all employees without regard to race, colour, religion, gender, national origin, age or disability. We ensure staff and volunteers operate from fit for purpose facilities that adopt green building design and practices.

SHM has a number of staff committees across the organisation committed to championing best practice in these areas. Our EEO groups lead by example to break down the barriers to inclusion and to foster a diverse workplace where people are free from discrimination and disadvantage and are treated with respect and dignity. Our Green team has set targets for developing SHM's environmental profile as a sustainable organisation and as a leader in the sector.
