ORGANISATION CONTEXT

Sacred Heart Mission (SHM) works with people whose capacity to participate fully in community life is affected by deep, persistent disadvantage and social exclusion. Since opening our doors in 1982, the Mission has been providing a range of innovative, relationship-based service responses which enable people to overcome disadvantage and realise their full potential. As a trauma informed organisation, our shared recognition of the impact of trauma informs and guides all our interactions with the people who access our services.

SHM is an Equal Opportunity Employer and an Environmental Sustainability driven organisation. We provide equal employment opportunities to all employees without regard to race, colour, religion, gender, national origin, age or disability. We ensure staff and volunteers operate from fit for purpose facilities that adopt green building design and practices.

SHM has a number of staff committees across the organisation committed to championing best practice in these areas. Our EEO groups lead by example to break down the barriers to inclusion and to foster a diverse workplace where people are free from discrimination and disadvantage and are treated with respect and dignity. Our Green team has set targets for developing SHM's environmental profile as a sustainable organisation and as a leader in the sector.

VISION

Our vision is of an inclusive, fair and compassionate community, which enables people to overcome disadvantage and realise their full potential.

MISSION

Our mission is to build people's capacity to participate more fully in community life, by addressing the underlying causes of deep, persistent disadvantage and social exclusion.

We do this by:

- Ensuring access to the necessities of food, clothing, housing, health care and specialised services.
- Listening, understanding and responding to people in a holistic, caring, and respectful way, so they can take control of their lives.
- Delivering accessible, responsive, evidence informed and innovative services.
- Welcoming people in the spirit of social justice, co-operation and partnership to create better communities.
- Engaging sector partners, researchers, philanthropy, business, government and the broader community, to contribute their time, expertise and resources.

PROGRAM INFORMATION

Sacred Heart Mission (SHM) is made up of four Divisions, Client Services, People and Strategy, Business Development and Business Services. Within the Client Services Division, programs are organised across two streams of services, as per the SHM service model: Engagement Hubs and Individual Planned Support, and Ongoing Support.

Engagement Hubs

The Engagement Hub services at Sacred Heart Central and the Women's House provide people with a safe space that is welcoming and supportive. Hub services provide access to the necessities of life: healthy food, personal hygiene, laundry facilities and primary health support through our GP Clinic (Modified during Covid 19 Covid Safe).

The Hubs also facilitate access to support through the provision of information and advocacy, referrals to our case management and housing vacancies, as well as external referrals. For clients with a limited social support network, Engagement Hubs provide interim social participation spaces and activities-until clients have access to housing and improved community connection in their new location.
