Program:	Journey to Social Inclusion (J2SI)
Reports to:	Program Coordinator Team Leader
Supervise:	Nil
Date of Last Review:	March 2022
Classification:	Social and Community Services Employee Level 4 Sacred Heart Mission Enterprise Agreement 2018 or subsequent Agreements
Victorian Portable Long Service Benefits Scheme	This role has been deemed eligible to participate in Scheme

ORGANISATION CONTEXT

Sacred Heart Mission (SHM) works with people whose capacity to participate fully in community life is affected by deep, persistent disadvantage and social exclusion. Since opening our doors in 1982, the Mission has been providing a range of innovative, relationship-based service responses which enable people to overcome disadvantage and realise their full potential. As a trauma informed organisation, our shared recognition of the impact of trauma informs and guides all our interactions with the people who access our services.

SHM is an Equal Opportunity Employer and an Environmental Sustainability driven organisation. We provide equal employment opportunities to all employees without regard to race, colour, religion, gender, national origin, age or disability. We ensure staff and volunteers operate from fit for purpose facilities that adopt green building design and practices.

SHM has a number of staff committees across the organisation committed to championing best practice in these areas. Our EEO groups lead by example to break down the barriers to inclusion and to foster a diverse workplace where people are free from discrimination and disadvantage and are treated with respect and dignity. Our Green team has set targets for developing SHM's environmental profile as a sustainable organisation and as a leader in the sector.

VISION

Our vision is of an inclusive, fair and compassionate community, which enables people to overcome disadvantage and realise their full potential.

MISSION

Our mission is to build people's capacity to participate more fully in community life, by addressing the underlying causes of deep, persistent disadvantage and social exclusion.

We do this by:

- Ensuring access to the necessities of food, clothing, housing, health care and specialised services.
- Listening, understanding and responding to people in a holistic, caring, and respectful way, so they can take control of their lives.
- Delivering accessible, responsive, evidence informed and innovative services.
- Welcoming people in the spirit of social justice, co-operation and partnership to create better communities.
- Engaging sector partners, researchers, philanthropy, business, government and the broader community, to contribute their time, expertise and resources.

PROGRAM INFORMATION

Sacred Heart Mission (SHM) is made up of four Divisions, Client Services, People and Strategy, Business Development and Business Services. Within the Client Services Division, programs are organised across two streams of services, as per the SHM service model: Engagement Hubs and Individualised Planned Support, and Ongoing Support.

Engagement Hubs

The Engagement Hub services at Sacred Heart Central and the Women's House provide people with a safe space that is welcoming and supportive. Hub services provide access to the necessities of life: healthy food, personal hygiene, laundry facilities and primary health support through our GP Clinic.

The Hubs also facilitate access to ongoing support through the provision of information and advocacy and our case management services which include referral to specialist services (mental health and AoD) as required. For clients with a limited social support network, Engagement Hubs provide social participation and pathways out of social exclusion. The Hubs are a place to build social connections and to link with professional service providers (such as lawyers, nurses and vets) or to range of health and wellbeing practitioners through our Hands-on Health Clinic.

Individualised Planned Support

Individualised Planned Support is an outcome focused, time limited service response tailored to a client's situation. In many cases, this will involve resolving a crisis situation such as addressing immediate homelessness and improving safety and wellbeing.

Individualised Planned Support is provided through our Case Management services at Sacred Heart Central, the Women's House, Homefront (Crisis Accommodation Service) and through the Wellbeing and Activities Program. Intensive Case Management is provided through the Women, Housing and Complex Needs Program, St. Kilda Community Outreach Team, the Greenlight Supportive Housing Program, the Greenlight Plus Homelessness to a Home program, and the Journey to Social Inclusion Project.

Journey to Social Inclusion

J2SI is an innovative and evidenced based case management service for people experiencing long-term homelessness in Melbourne, Victoria. It differs from traditional homelessness services as it provides the time needed for people to not only access their permanent home, but also have an improved quality of life and increased community connection. Staff have the ability to work intensively with small caseloads and use a combined key worker and team approach to deliver intensive individualised support for up to 3 years to each client.

The J2SI service model delivers 5 key service elements:

- Intensive case management and service coordination
- Rapid housing access and sustaining tenancies
- Trauma informed practice
- Skills for inclusion
- Fostering independence

J2SI will also be evaluated to demonstrate the efficacy of the model and share learnings via independent research and evaluation. J2SI has now been funded for five years through the Victorian State Government's first homelessness social impact bond, providing an exciting opportunity to also test out a new and different funding model to address the issue of chronic homelessness. There are three program teams and client intakes over the five years.

PURPOSE OF THE POSITION

This role provides long term case management and service coordination with low individual caseloads who have experienced chronic homelessness through the J2SI program. The role will work to ensure that the service provided is supportive, effective in achieving client goals, program outcomes, and are of the highest quality in accordance with SHM's values and legislative and funding requirements.
