OUR VISION

Aboriginal self-determination – Live, Experience and Be.

OUR PURPOSE

Supporting culturally strong, safe and thriving Aboriginal communities.

PROGRAM AREA

The Aboriginal Therapeutic Residential Care Program operates from a trauma informed framework. It utilises current best practice developed from Trauma, Relational and attachment theories. The program works on the premise that connection to culture is a powerful factor in healthy identity formation and ongoing healing and recovery from trauma. The program framework recognises the impact of ongoing intergenerational trauma, racism and other forms of cultural abuse which Aboriginal children and their families have suffered.

The program aims to provide a culturally safe, nurturing and healing home environment for the children in our care, meeting the children's individual needs using a culturally therapeutic approach. The child's Aboriginal identity, rights and connection to their family, land, and community are privileged.

The cultural foundation for the program has the following components: Cultural Safety, Cultural Rights, Cultural Responsibilities, Aboriginal understanding of family and kinship structure, Aboriginal understandings of culture as resilience. As well as this the program seeks to comply with the Best Interests Principles, and the Aboriginal Child Placement Principle.

The Therapeutic foundation has reference to the work of James Anglin, Dr Bruce Perry, Daniel Hughes, Van der Kolk, Dr Allan shore and Dr Dan Siegel and Dr Judy Atkins.
